Support and Service

AMREL understands that the EOL of products can cause inconvenience to your operation. As part of our long standing commitment, we offer continued support for 5 years after EOL.

In addition, customers have the option to engage our unique Long Term Buy Offer (LTB). LTB allows you to "lock down" your configuration and product for an extended period of time, as long as ten years, even after the product is EOL. LTB is one of the many ways AMREL assists you in lowering the cost of ownership.

If you are interested in LTB or the DK886's replacement model, the new **DK10 Tablet**, please contact your sales rep for more information.
